

Quality, Service, Price: Pick Three.

Gain maximum production time, less down-time and fewer service calls with quality equipment from Car Wash Resources. All for less than you expect to pay.

When you build your next self-service car wash, install quality, dependable equipment from CWR. Based on years of engineering and attention to detail, CWR equipment runs efficiently and is easy to maintain. You'll get incredibly reliable equipment at a reasonable price, and Car Wash Resources now offers a **two-year limited warranty** on its equipment – double the industry standard!

CWR Self Serve Equipment gives you:

- Heavy-gauge stainless steel tanks and stands for rugged durability
- Pre-wired, completely enclosed electrical system for safety and convenience
- Quality, reliable CAT pumps
- Baldor five-horsepower motors
- Reliable, long-lasting stainless steel chemical solenoids
- Motor thermal protection to ensure motor performance and life
- Solid State timers and coin acceptors
- Meters take coins and tokens
- Economical cold water rinse
- Convenient automatic product dispensing
- Automatic freeze protection for no-worries operation
- Digital bay meters for customer ease-of-use
- Up to 1500 PSI for effective washing and customer satisfaction
- 2-year limited warranty for your peace of mind and hassle-free ownership

We want to be your car wash company.
